

# Inland Empire Citizens Action Committee

**Date:** September 4, 2017

**To:** Honorable Jeremiah Brosowske, Hesperia City Counsel

**From:** Brett Kahn, Victor Valley Freedom Campaign, IECAC Associate Group

**Subject:** *Rescinding the Hesperia Countywide Vision Statement*

Inland Empire Citizens Action Committee (IECAC) is a coalition of several groups in the Inland Empire. We reject the San Bernardino Countywide Vision and have signed resolutions condemning this because it embraces the progressive globalist agenda Sustainable Development (SD) through the UN policy like the Paris Climate Agreement; hence, it embraces centralized planning as evidenced in the Southern California Association of Governments (SCAG) Sustainable Communities Strategy (SCS), which are recommendations being used by cities, counties and unelected Councils of Governments (GOGs) and stakeholder groups across the State. SD is accomplished through these layers of unelected boards bodies and commissions, known as the shadow government. SD programs injected into the County via the Countywide Vision, and into cities via SCS. *It is destroying the vitality and ambiance of communities and local control through ever reaching regulation of energy, water, transit options, and land use.*

## Republicans

The platform of the Republican National Committee and California Republican Party are opposed to the agenda of sustainability and sustainable development. The San Bernardino Republican Central Committee has a resolution opposing this agenda. Republicans need to be aware of this because if they support for these kinds of programs, they will opposing their party.

## Democrats

With the passage of the SB1 gas tax and subsequent passage of cap & trade adding direct costs to consumers of 75 cents with ensuing fee increases for vehicle registration, SB606/AB1668 mandating per capita water conservation at 55 gallons per day and SB100\* 100% renewables and phasing out of fossil fuels with the goal of “net-zero” CO2 reduction, it is simple to conclude that the

Democrats have lost their narrative on Climate Change.

*The foundation for Climate Change is social justice to help the poor.*

*Democrats can no longer make the social justice argument as the poor will be equally impacted by these policies.*

*\* awaiting Governor Browns signature*

Climate change policy has been politicized. Brown’s legacy to torment residents of the state with evermore caustic policy, policy that is endorsed by the Countywide Vision, is misguided. The Trump administration is unraveling many president Obama’s policies:

- The country is pulling out of the *Paris Climate Agreement*.
- Proposed scaling back renewable energy tax credits. Federal money is drying up.
- 100% Repeal Obama Clean Power Plan
- Proposed reducing emission requirements for automobiles.

## Inland Empire Citizens Action Committee

The Trump administration's policies will put downward pressure on California because the president's agenda is counter intuitive to global warming legislation here. State climate change legislation foists the goal of implementing SD aka, *Sustainability* with the goal of "making California the global leader in Climate Change" — at any cost.

### SUSTAINABILITY

Sustainability is artificial scarcity under the guise of conservation. It is a behavior modification scheme through social engineering. At it's core, it is worldwide rationing. It is using less of everything:

Less food  
Less water  
Less energy  
Less mobility  
Less choice  
Less freedom

CONTROL

### Sustainability is Rationing

2

We disagree with the County's overreaching stance to control cities. The Vision promotes merging "conformity and unity" between the unincorporated areas and the cities in San Bernardino, which is counter intuitive to local city control.

The U.S. Constitution provides all citizens a *republican* form of government; not, *governance* through unelected agencies, and reinforced through careless resolutions like the Countywide Vision statement.

Thank you in advance for endorsing our position regarding the Countywide Vision statement and agreeing to put rescinding it, for a up and down vote, on the October 2, 2018 city council agenda. We support you in your decision.

Sincerely,

Brett Kahn, Victor Valley Freedom Campaign, (760) 951-0386
